IN REGARD TO:

Pursuant to article _____ of the schedule entitled "Technical Directives," subject to the following conditions:

This direction is consistent with the general scope of work set forth in this contract, does not constitute new assignments of work or a change to the expressed terms, conditions or specifications incorporated into the contract, and does not constitute a basis for any increase in the contract fee or extension to the contract delivery schedule.

In the event of any exception, do not proceed with any work under this directive, but promptly notify the contracting officer in writing. Failure to notify the contracting officer will constitute acceptancy by the contractor of the technical directive and all conditions pertaining to its issuance.

This technical directive does not increase or obligate any additional funds for performance of the contract scope of work, therefore, nothing contained herein authorizes your incurrence of costs in excess of that presently authorized by the clause of this contract entitled "Limitation of Government's Obligation," or "Limitation of Cost," as applicable.
